

40 FAMILIES TO SHIFT

NEW DELHI: The impasse between residents of Kathputli Colony and the DDA was broken on Tuesday with nearly 40 families agreeing to shift to a transit camp in Anand Parbat area. The DDA had put up a camp to issue registration slips for residents willing to shift. "We will not use any force to evict the slum dwellers," said a senior DDA official. Raheja Developers, who are redeveloping the colony, couldn't be reached for comments.
